

Axent Promotional Embroidery provides a specialised embroidery and or printing service for all your school, team, club, promotional and corporate clothing requirements.

A combination of friendly, highly trained staff, together with the knowledge gained from being one of the first computerised embroidery companies in the UK, has given **AXent** the leading edge in excellence.

AXent uses the latest technology via networked computers to various embroidery machines, from single head, multi head and cap machines ensuring that our customers receive only the best quality embroidery. Our diverse stock range, using leading brands ensures continuity and product quality. Individual requirements are sourced and special items are made to order. The ability to carry out work to customers own ISO1000 or BS5750 standards where quality control is of the up most importance.
